and speed

SafanDarley 35T with a Yaskawa AR 1440 Robot

OPTIPLEX 3015 FIBER III

Witness Mazak Optonics high power OPTIPLEX 3015 FIBER III with the new cutting-edge PreviewG Control and our latest edition to our family of top-tier builders, Yaskawa America, Inc, Motoman Robotics Division at Capital's **ADVANCES IN PRECISION FABRICATING**.

There are many other industry-leading builders Capital will be showcasing at this event including:

We will be hosting two full-days of the event both Tuesday, October 19<sup>th</sup> and Wednesday, October 20<sup>th</sup> from 9–4pm. For customers preferring more privacy and individual attention, Capital is offering dedicated time slots on Thursday and Friday (Oct 21 and 22<sup>nd</sup>). We encourage you to reserve a spot with your salesman, as the time slots tend to fill up quickly.

Registration is now open: <https://bit.ly/CapitalAdvancesEvent>

Or, you may call us toll-free to register at: 1-800-635-7777 Ext.200
